

Focal points Candidate Board 2024 – 2025

1. Athletic Development

Fun and sports go hand in hand at USV Protos. Sports offer an incredible number of benefits. Beyond physical health, it also impacts mental well-being. During busy periods of study and work, sports provide an outlet. In the coming year, we aim to support our members by offering development opportunities that enhance their enjoyment of volleyball and promote individual growth in the sport. We also want to prioritize injury prevention with the goal of reducing injuries for both individuals and teams. By providing tools to both coaches and players, we hope to better align training sessions, skills training, and coaching clinics with their needs.

2. Social Safety

In recent years, social safety and inappropriate behavior have become important topics for NOC NSF and Nevobo. With the focus on "social safety," we aim to ensure a safe, inclusive, and supportive environment within USV Protos, where all members feel welcomed and respected. Additionally, as a club, we will comply with the guidelines of NOC NSF and Nevobo by developing a social safety plan and integrating it through their action plan. The goal is to maintain a safe atmosphere within USV Protos, which will help preserve the enjoyment and well-being of our members. We want to create clarity for members about where they can turn for help. In doing so, we hope to enhance the example and reputation of USV Protos in the eyes of outsiders.
